

When you call for backup
Sun Ridge Systems
will be there.

SUN RIDGE SYSTEMS RIMS

You face the unknown every single day. Is that car stolen? Does this guy have a history of resisting? But, thanks to **RIMS**, the unknown doesn't stay that way for long. You get instant access to all records and the entire dispatching system with just a few clicks or keystrokes. **RIMS** by **Sun Ridge Systems** is the premier dispatching, records management, and mobile computing software for law enforcement and public safety. **RIMS** is proven, intuitive and easy to use, even when the pressure is on.

RIMS is straightforward to install and, because it is easy to learn, our training program last days, not weeks. And it costs less than you might expect. There's a reason why all our customers give us enthusiastic reviews: our record of performance and service earned over the past 20 years. When seconds count, you can count on **RIMS**. Why take a chance on anything else?
