This year our seminar will start at 1300 Tuesday (09/13/22) and will end at 1400 on Friday (09/16/22). Our training on Tuesday and Friday will consist of general sessions. Our training on Wednesday and Thursday will consist of several breakout sessions offered throughout the day.

When looking at the agenda you may notice we have breakout sessions starting as early as 0700 hours. Please note there are four opportunities to attend breakout sessions, however only three breakout sessions each on Wednesday and Thursday are required to obtain your 8 hours POST credits for the day (4 hours POST credits can be earned on Tuesday and on Friday). The is to allow you the option to start and end your day earlier if you so choose. For those that don't wish to start early, you can still start at 1000 and attend three breakouts. While nobody is required to attend all four breakout sessions each day, anybody that wishes to is welcome to do so.
